The Day

by: Tyler Smith 5th gd.

Finally it was the day, it was going to be my first time at Kentucky Kingdom I would've gone when I was in third grade, but our principal thought we were to young. Now were going to the amusent park in fourth grade, and I couldn't wait. First we have to practice our puppet show for the 2nd and 3rd grade, and then my mom will come and then we'll go. Geresly this is the Best day at this school so far.

We went to the firestation and looked at fire trucks. We looked inside an ambulance. The person guiding us told us about things. It was neat!

I just think you're really cool.
If you have a good suggestion.
Come on down and ask a question
Do you know the one true God?
If you don't we have a spot.
Frankfort Christian they know you.
Don't you want to come here too

In Kinergarten we had a football match. Kinergarteners vs. first graders. first grade won every time. But we still did good.

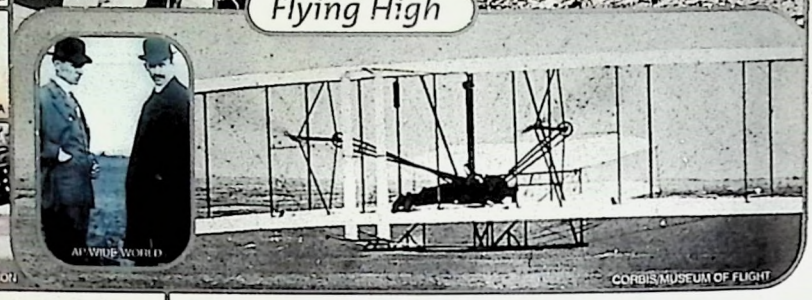
Flying High



One Giant Leap The Wright brothers got us off the ground in 1903, followed by brave pilots like Charles Lindbergh and Amelia Earhart who both flew solo across the Atlantic. Next stop, the moon, which Apollo astronauts reached in 1969. Today the versatile space shuttle makes blasting into orbit seem almost routine.

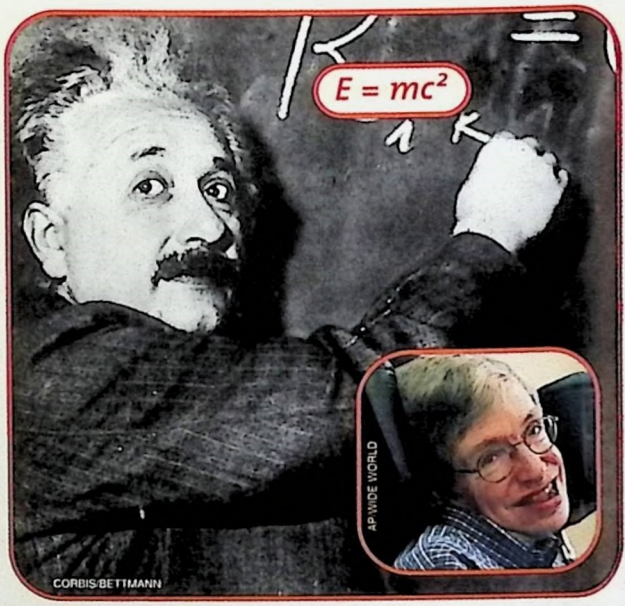
Thomas Edison

The Father of Invention With over 1000 patents to his name, Thomas Edison brightened our lives with the light bulb in 1879. He also gave us the microphone, phonograph and sound for motion pictures!



Inquiring Minds One of the most creative thinkers in human history, Albert Einstein taught us new ways to understand space, time and gravity. He even won the Nobel Prize for Physics in 1921. Our modern day Einstein, Stephen Hawking, leads current research into the building blocks of our universe.

SPREADING THE WORD

It used to take weeks for news to cross the country. But today, speed rules! In fact, we're so obsessed with our instant communication that some schools have even had to ban pagers and cell phones.

In the 50s, geneticists Francis Crick and James Watson discovered the coiled DNA strands we call chromosomes. Just this year scientists successfully mapped out one of those chromosomes. Understanding DNA led to the cloning of animals such as Dolly the sheep, taking science into controversial territory. Where do we go from here?

Hanging it Up

John Elway

Wayne Gretzky

Michael Jordan

Cheers and Tears Fans bid farewell to three top athletes this year. Michael Jordan (who led the Bulls to six NBA championships) has left the court and become part owner of the Washington Wizards. Wayne Gretzky ("The Great One"), who took the Edmonton Oilers to four Stanley Cup Championships, has ended his 21-year career. And John Elway (the winningest quarterback in NFL history with 148 victories) retired in May of '99.

GREAT Moments

The Thrill of Victory This century has seen its share of record breakers and history makers. Muhammad Ali became the first boxer to win the heavyweight championship three times. Arthur Ashe was the first African American tennis player to win the U.S. Open, the Davis Cup, the Australian Open and Wimbledon. In 1960 Wilma Rudolph became the first American woman to win three gold medals at the same Olympics. And the 1980 U.S. Olympic hockey team overcame all odds by beating the Russians and going on to win the gold. The world still calls it the "Miracle on Ice."

The Beat Goes On

Jump, Jive and Wail From the powerhouse trumpet of Louis Armstrong to the hottest sounds today, music remains the signature of each generation. Big band and swing tunes got the kids shakin' it long before Elvis brought rock & roll to The Ed Sullivan Show in 1956. The country loved it, of course, and even welcomed those crazy long-haired Beatles in the '60s; so the rock & roll fever continued. Motown greats such as Aretha Franklin inspired groups like the Jackson Five. And we all know what a Thriller ride that turned out to be!

THE *Latin Explosion*

¿Hablas Español? The Spanish language is heard more and more in American pop tunes. We see it in grocery stores everywhere and on the street, too. As the Latino/Hispanic population increases, so does our love affair with the culture. Salsa (the sauce) now sells better than catsup, and salsa (the dance) is all the rage. And let's face it... we love to groove to music by Latino performers like Jennifer Lopez, Enrique Iglesias, Christina Aguilera and Ricky Martin.

Making history at T.F.C.A.

...that in the ages to come He might show the exceeding riches of His Grace. Eph 2

Dear T.F.C.A. friends,

The subject that I enjoy and never get tired of is math. I learn something new every day. I don't know why but math comes easy to me. I try to work carefully and ~~correct~~ my mistakes. I'm just in 5th grade and belive me, if your in a younger grade, it will get harder. You change books when you're in 4th grade. Just stick with it and you can achive anything!

Love Erin Gatewood

P.S. Keep trying

One time the whole fifth grade went to the aquarium. We saw a lot of great ocean water animals; like alligators, jellyfish, sharks, and lots, lots more. We had a great time going and it was a lot of fun. Going to the Newport aquarium with Mrs. Taylor was my favorite day o T.F.C.A!

When we went to the aquarium in Newport I had a lot of fun. I had a lot of fun because I got to see sharks and other kinds of fish swim right over me. I also got to see what it looks like in different rivers of the world. I got to see what kinds of fish live in the rivers too. I really liked when the sharks swam over me and I got to walke over the allagators. This was my favorite field trip I've ever gone on.

The Planetereum in first grade

by Emily Pinkston

we went to the planetereum I went with Mattiesmom Kayla, Mattie, and me went with Matties mom. She got a ball for all of us. I got a moon crystal bounsy ball Mattie got a clear ball with space things in it and Kayla got a ball that looked like the earth She got one for her little sister We ate at Mcdonald's. Mattie was crazy the rest of the way back! (TO MUCH SUGUR)

The apple orchard

As I saw a red or green apple. I walked past a fake paddle. As I had lots of fun. I looked at the little orange sun. When we took a bite of a apple very sour. I said "First grade is ours."

Jordan Criswell 5th Grade

The first day I came to this new school I was scared. When I went to the third grade class a week later, I thought that I would not make any friends. However after a week I made some friends. My best friend stile is Michal Scott. We have been friend for three years now. I am so glad that my parents decided to bring me to J. F. C. A.

Joseph Parker 12-17-99 5th grade

If you want a good school
J. F. C. A's really cool.
The teachers are nice.
We learn about Jesus Christ.
The royals are cool.
So, don't be a fool,
J. F. C. A's the best place to be
for kids just like you and me

In first grade we went to a pool place. We stayed in the pool for about two hours. I could swim to the deepest part of the pool, (without a floaty). When we had to get out I struggled to stay in the pool, but they finaly got me out. Then we had a little snack. Finaly we went back to the school building.
